

Engine Repair Trainer (model 90)

*Engine Repair Trainer (model 90) connected to
Engine Start Cart (model 91)*

The Engine Repair trainer presents the rebuilding and service of automobile engines. The trainer allows a 360 degree rotation of the engine. The trainer provides an advanced level of instruction by duplicating actual on-vehicle service manual procedures.

Engine Repair Features:

- Late Model Recycled Engine Assembly
- Mounted on a Rebuild Stand with Rolling Casters
- Metal Pan Captures Oil Leaks
- Starter
- Flywheel
- Alternator
- Injector Assembly
- Exhaust Manifold Assembly
- Safety Guard
- Power Steering Pump (if needed)
- All electronic components necessary for proper engine operation

Optional courseware (model 95) is available for use by students and instructors and includes NATEF Tasks to assess hands-on experience.
